

JF RADIATORS

REPAIR | RECONDITION | OIL-COOLERS

- MICRO BUSINESS PACKAGE - CASE STUDY -

THE CLIENT

INDUSTRY: Motor Industry

TEAM SIZE: 3

LOCATIONS: Cork & Galway

THE SITUATION:

- Over the last number of years JF Radiators had undertaken a digital transformation to move their business online and benefit from digital processes and efficiencies
- Social media accounts, email, banking online, sales and marketing were all areas that needed to be secured to minimize risk
- Understanding the basics of cyber security and how to minimize risk to the business was essential
- Enabling JF Radiators team to spot phishing, ransomware and other user targeted cyber attacks

THE CLIENTS WORDS

“We didn't know where to start when it came to Cyber Security. After speaking with Michael and the team at NexGen Cyber we realized that the Micro Business Package would be perfect to provide us with a robust level of security online!”

We had not considered mobile security, but now all our phones and laptops are protected with a suite of apps that are easy to use! I would highly recommend NexGen Cyber's Micro Business Package.

John Flynn
Owner, JF Radiators

HOW DID WE HELP?

The team at JF Radiators needed a suite of cyber security tools and user education to inform them of the dangers online and how to take a risk based approach to protect their business.

- A cyber security audit was completed to assess and baseline the environment at JF Radiators
- Recommendations were made to address identified risks
- NexGen Cyber implemented our Micro Business Package to provide support across mobile and laptop devices
- A password manager was installed to simplify the process of creating and storing secure passwords.
- Endpoint Detection and Response (EDR) provides prevention and detection of attacks across all major vectors, rapid elimination of threats with fully automated, policy driven response capabilities
- Antispam / Antimalware, Email Encryption, Email signatures, ATP, Email archiving, Email Continuity, Email Backup, OneDrive, SharePoint and endpoints.

And, we did it all for less than €1 per day, per device!

CALL US ON +353 21-212-8332 TO FIND OUT HOW WE CAN HELP YOU!

My team and I would LOVE to help you with your cyber security. Give me a call on +353 21-212-8322 and let's have a quick 10-minute non-salesy chat!
